

BELOTERO BALANCE® Dermal Filler -- Talking Points

If you would like to author your own Web page about BELOTERO BALANCE® Dermal Filler, please consider the following important talking points:

- BELOTERO BALANCE Dermal Filler can quickly integrate into your skin for results that are uniquely you.¹
- Not only are results with BELOTERO BALANCE Dermal Filler instant, they are proven to last. In a clinical study, many patients saw results that can last about six months or more.²
- BELOTERO BALANCE Dermal Filler has a unique manufacturing process that offers a soft, cohesive gel that is able to fill in your wrinkles for results that are even, smooth and immediate.
- Once injected, BELOTERO BALANCE Dermal Filler instantly plumps the skin and smoothes the lines or wrinkles on your face.

Note that the Important Safety Information (provided in the Media Kit) must be displayed on the same page as the talking points.
